

Title: Neurological Manifestations of HIV Infection (Segment of Management of HIV/AIDS in the Correctional & Community Settings: A Live Videoconference & Webcast Series)

Date: October 14, 2009 Location: National Videoconference (Originating out of Albany, New York)

Presenting Faculty: Drs. Douglas G. Fish, Lester N. Wright, David M. Simpson & Charles E. Argoff

Department/Division: Medicine/Division of HIV Medicine Phone #: 518.262.4674

Contact Person: Jim Ybarra

**Learning Objectives:** At the conclusion of this activity, the participant should be able to:

1. Describe the clinical manifestations of HIV in the central and peripheral nervous systems.
2. Discuss the possible means of viral entry into the central nervous system (CNS) and the role of cerebrospinal fluid HIV viral load.
3. Describe the CNS penetration of various antiretroviral agents when selecting treatment regimens.
4. Describe three characteristics of neuropathic pain.
5. Identify goals of clinical assessment of pain.
6. Identify agents best utilized for chronic pain.

#### Faculty/Planning Committee Disclosure

Albany Medical College endorses the standards of the Accreditation Council for Continuing Medical Education (ACCME) and the guidelines of the Association of American Medical Colleges (AAMC) that the sponsors of continuing medical education activities, speakers and **planning committee members** of these activities disclose significant relationships with commercial companies. Significant relationships include receiving from a commercial company research grants, consultancies, honoraria and travel, or other benefits or have a self-managed equity interest in a company.

Disclosure of a relationship is not intended to suggest or condone bias in any presentation, but is made to provide participants with information that might be of potential importance to their evaluation of a presentation.

Relationships exist with the following companies/organizations:

FACULTY	COMPANY & RELATIONSHIP
David M. Simpson, MD	<b>Consultant:</b> Eli Lilly, GlaxoSmithKline, Neurogesx & Pfizer <b>Research Support:</b> Eli Lilly, GlaxoSmithKline, Neurogesx & Pfizer <b>Speaker's Bureau:</b> Eli Lilly & GlaxoSmithKline
